SMART STORAGE SOLUTIONS FOR EVERY SPACE

WELCOME

Founded over 28 years ago, **Blue Boy Industries** has been a trusted name in the manufacturing of high-quality storage solutions and all type of Furniture.

With a strong legacy of innovation, craftsmanship, and reliability, we specialize in designing products that simplify lives—whether at home, in offices, retail outlets, factories, or warehouses.

At **Blue Boy Industries**, we specialize in designing and manufacturing all types of metal storage racks engineered to hold light, medium, and heavy loads. Whether it's for households, offices, retail stores, factories, or warehouses, our racks are built to ensure maximum strength, durability, and efficient space utilization.

We offer smart, space-saving designs that bring order and reliability to every corner. With 28 years of experience and a commitment to excellence, we help you store more — smarter. We are specialized in projects like Rack supported Warehouses, Automated Warehouses, Radio Shuttle projects. Customized warehousing solutions etc.

Designed under the “**Make in India**” initiative, our racks are trusted for their quality powder-coated finish, long life, and user-friendly design.

ABOUT US

At Blue Boy, we don't just manufacture storage — we engineer solutions. Founded with the vision to streamline organization across industries, we have become a trusted name in metal storage systems and industrial furniture manufacturing.

With state-of-the-art manufacturing facilities and a team of skilled professionals, we provide durable, scalable, and cost-effective storage options that stand the test of time.

We have been the pioneers, market leaders and in top among the rung for making good storage products. Our infrastructure set up is of that good quality that you are only going to get world-class design, product management and manufacturing from us. We also offer strong sales support for the better service of all of your needs.

OUR KEY QUALITY HIGHLIGHTS

- Innovation:** Designing smarter ways to store and save space.
- Durability:** Building products that last through years of heavy use.
- Customization:** Crafting solutions tailored to your specific needs.
- Customer Commitment:** Supporting our clients from concept to completion.
- High-Grade Steel** – Manufactured using strong, durable steel for maximum load-bearing capacity.
- Safety & Stability** – Smooth edges, firm grip slots, and anti-shake designs for safe use.

VISION

Is to offer best storage solutions with the best Quality and become the most successful and reputed suppliers of storage systems for all industry segments.

MISSION

To deliver smart, space-efficient storage solutions that help businesses and individuals stay organized, productive, and prepared for growth. We design racks and shelves that efficiently bring all vertical space for the industrial storage areas to use by stacking them on robust and long-lasting structures that have been built for endurance while providing an easy retrieval of the goods.

WHY CHOOSE US?

- Precision engineering and quality materials
- Custom designs to fit your exact space
- Trusted by businesses across sectors
- Fast production and delivery timelines
